

# SIGN UP FOR CLEAN ENERGY!

Now, more than ever, it is critical that we reduce the emissions that contribute to global climate change and other pollution and lessen our over-reliance on finite fossil fuels. Did you know there is a simple step you can take that can really make a difference?

When you sign up for CTCleanEnergyOptions program, the lights will still go on and all of your appliances will work just the same as they always have. The only difference is that you will be helping to support cleaner air, healthier communities and energy independence.

For every 100 local customers who sign up for CTCleanEnergyOptions, your town could receive a FREE solar energy system from the Connecticut Clean Energy Fund. Norfolk has already earned panels for their elementary school. Signup now to earn panels for your new ambulance building.

For more information on how to offset the monthly cost of clean energy visit [www.ctcleanenergy.com/yourcommunity](http://www.ctcleanenergy.com/yourcommunity) or contact the Energy Task Force ([fanettem@mac.com](mailto:fanettem@mac.com)).
